

## **PHILOSOPHY**

South Fargo Junior Olympics is a program designed to provide girls in grade 6 through 11 with opportunities to enhance their individual and team volleyball skills through practices and tournaments. Those interested in playing in our program that currently attend Agassiz, Discovery, or South High, need to try-out and be selected to one of the teams. The main goal of our program is to place each individual girl on the team where they will receive the most playing time, and be able to improve their volleyball skills
